Re: *Finjan Inc. v. Check Point Software* - Case No. 3:18-cv-02621

Dear Judge Orrick:

The parties write jointly to make a proposal to the Court regarding the hearing on the Motion to Impute Service, scheduled for November 28th. Recognizing that courts in this district have encouraged opportunities for younger lawyers to gain courtroom experience, the parties have agreed to have associates argue this motion. The parties further mutually agree, subject to the Court's approval, that lead counsel for both parties may be present at the hearing to address any points that may remain after the associates have finished arguing.

Very truly yours,  
ORRICK, HERRINGTON & SUTCLIFFE LLP
